## DOMESTIC CLEANING

D.A.S. KENT CLEANING SERVICES has a team of Domestic Cleaners ready to take on any home! If you're working all day or simply just dislike cleaning then you're not alone! We provide an efficient five star service unique to you and your home!

We offer weekly and fortnightly services as well as one-off cleans. Domestic cleans also include carpet cleaning and oven cleaning. We customise our service to meet your specific needs. We also specialise in Biohazardous cleaning

### DEEP CLEANS

Does your home need extra attention? No problem! We offer a Deep Clean Service which will give you back the home you deserve!

## BODILY FLUID CLEAN UPS

We have an emergency 24/7 callout service to deal with these situations. We will respond quickly, discreetly and efficiently. Bodily fluids, blood and faecal matter can carry viruses and pose a significant health risk to anyone in a property. We specialise in BioHazardous waste and will dispose of everything for you.

## MOULD & MILDEW REMOVAL

Mould is a risk to our health, it's incredibly dangerous to be living or working in this toxic environment. Our team of experts will remove all traces of mould and mildew from your home or working environment. Not all mould spores can be seen by the naked eye, our experts take care of this to make sure spores are not dispersed to another surface to multiply rapidly.

## HOARDING SERVICE

At DAS Kent Cleaning we feel passionately about helping you or your loved ones to get back the home you deserve. We understand that hoarding is a mental health condition and not a lifestyle choice. Please never feel embarrassed or scared. We are extremely compassionate, discreet and non-judgemental. We will plan strategies and keep you informed every step of the way.

## THE DANGERS!

Being a hoarder can be very dangerous – there are significant risks of tripping over and hurting yourself, rat or insect infestation and a potential fire hazard.

There is a risk to yourself, loved ones , pets and neighbours. The emergency services could find the property difficult to access and treat the patient. We are here to help you and make life-changing transformations.

## MENTAL HEALTH CLEANS

Mental Health Crisis Cleaning may be needed if a client has been unable to clean their home for some time, or perhaps have not been getting rid of waste efficiently. This can lead to toxic odours, pest problems and many other issues.

Keeping the home clean can easily mount up and become an issue but we are here to help you and pride ourselves in transforming your home to a clean and safe space again.

### VOID PROPERTIES & SQUATS

At DAS Kent Cleaning we understand that properties have been left void for various reasons and we are trained and equipped to respond to the demands of these particular cleans. We will make these spaces clean and safe once again. This may include graffiti removal, removal of broken glass, sharps and junk.

### MEDICAL CLEANS

Our professional medical cleaning service will help you make your medical facility a safe place to work and maintain your ability to protect your patients. We appreciate that infections and viruses are more prevalent in a medical setting and it is important to be able to mitigate the risk to ensure the health of you, your staff and your patients. We understand that for you, the patients will always come first!

### END OF TENANCY CLEANS & STUDENT CLEANS

Properties are not always left in the condition we would hope. Our team of experts are not fazed by any situation and will make these areas clean and safe again for your next occupants. However big or small, we would be happy to take this stress away from you.

### CHILD FACILITIES CLEANING

For child facilities, we provide an excellent cleaning service to ensure that premises are left in immaculate condition for the next occupants.

### NEEDLE SWEEPS & DRUG DEN CLEANS

DAS Kent Cleaning are fully trained, insured and prepared to remove needles and sharps from indoor and outdoor environments. We carry out a thorough search of a premises to locate and dispose of any sharps that may be present. It is paramount to dispose of sharps and their associated paraphernalia due to the huge health risks associated with them. We dispose of these items in line with health and safety regulations.

### OTHER COMMERCIAL CLEANS

Other cleaning services may include COUNCIL BUILDINGS, HOTELS, WAREHOUSES ETC.

Please get in touch with D.A.S. Kent Cleaning Services today to discuss your commercial requirements.

## TRAUMA CLEANING

### DISCREET | COMPASSIONATE | CONFIDENTIAL | EXPERIENCED

We go the extra mile for our clients in making sure we can transform a property to a safe and secure building or home to enter.

Our trauma cleaning service covers many varieties of emergency cleaning needs, from stabbings, murders, accidents or suicides in a property and so on. Many of these cleans will include bodily fluid clean ups and/or safely removing infectious materials from a property. Each case is different and we are highly adaptable.

We offer several packages, for example if our client is hospitalised and needs a new mattress before coming home, if you wish us to take away belongings such as a cot after a tragic cot death or if you wish for us to use a locksmith to gain entry to a property following an emergency, our efficient team will be happy to arrange this discreetly and compassionately.

## UNATTENDED DEATH CLEANS

We are here for you 24/7 and 365 days a year!

We understand that each situation is different and we are highly adaptable. We can provide a rapid response that is both discreet and non-judgemental. An unattended death may be days, weeks or months later and under many different circumstances. Rest assured our dedicated and trained team will deal with this situation for you.

Our personal approach means we can liaise over the phone, or face to face at a different location to avoid any further hurt or trauma.

Unattended death cleaning is usually carried out after emergency services and the coroner have finished in the property and taken the deceased to the coroner's office or local undertakers. Cleaning following death may mean decomposition and bodily fluids such as blood, urine and vomit often seep into porous materials and areas that are not visible to the untrained eye.
